

XWARN trailer at the Xenia Township Fire Department Open House. The trailer has several radios and workstations that support Xenia Police and Fire. XWARN recently replaced the steps as well as purchased a club-owned receiver that will stay with the trailer so that anyone with an appropriate tow vehicle can tow it. Just make sure to bring a big truck. The trailer is supposedly around 10,000lbs and nose heavy.

Old Business

All gone through.

New Business

Field Day is 26th and 27th. We told Fire Dpt. that we would show up at about 9 a.m. to start setup. The original plans are for DARA and XWARN trucks to be there but DARA antenna is hard to set up so possibly just use a simple wire antenna. FT8 allowed for FD now. How elaborate the setup is depends on how many people show up to help out. The hope is to use Flex radio in DARA truck but computer problem is hoping to be fixed this week. The IC-7000 will be used, and some people want to bring radios. Tentatively planning for picnic again, not sure as of now. We are planning on just having hot dogs and burgers and everyone to bring side dishes to share. We aren't guaranteed access to interior of building which has bathrooms, due to new security measures. We might be able to contact officers on duty that weekend, and invite them to potluck. If you have a friend/children you want to bring, please do. The intent is to operate as W8XRN, category 3 (3 transmitters) F (emergency communications). Bring snacks! Bring chairs!
