

# Wavelengths

## President's Message

Happy We survived Hamvention!

But seriously, the t-shirt sale went amazing. We sold out...and very rapidly. Size medium was gone early on the first day! Everything else was sold out by the end of Saturday. Yes, you read that correctly... EVERYTHING. I am estimating at least 100 people wanted to buy a t-shirt after they were gone. It's time to order more.

Hamvention is all done and now it is time for Field Day!! It is coming up soon and we will be doing our normal place at BTFD Station 61. Our favorite people are set up and tear down helpers...especially after we've been operating all night! Looking forward to seeing you all there. We will have a picnic dinner. Come on out and bring a dish to share.

Don't forget we are in the height of storm season. Tune in to the repeater when we have active warnings. Also, you could try out your hand at net control or county liaison. KD8DGB and KE8FMJ aren't always available.

Elizabeth Klinc, KE8FMJ AuxC

Month at 7:00 P.M.

#### **Greene County Fairgrounds**

#### **OSU Extension Building**

120 Fairground Rd  
Xenia, OH 45385

## What To Report?

A quick reminder when reporting severe weather to a net or to Skywarn to report only the information they are looking for:

Report the size of the largest hailstone. Wind Damage (structural damage or trees/power lines down) Stream flooding, street flooding, or streams approaching bank full.

Do not report lightning, thunder or rain.

Wavelengths is published monthly by the Xenia Weather Amateur Radio Net. You can find additional information about our organization at [www.xwarn.net](http://www.xwarn.net). We welcome new and experienced Amateur operators, and those interested in becoming an Amateur operator, to attend our meetings.
